

Pablo's Armchair Treasure Hunt 19 December 2014

Armchair Treasure Hunt? Is that a good name? It'll do...perhaps I can find a better name for it later when I've found out what it's for. It must be something very important because there certainly seems to be a hell of a lot of it. Doesn't seem to achieve very much but I'll probably find out what it's for later on. Now – have I built up any coherent picture of things yet?

No.

Never mind, hey, this is really exciting, so much to find out about, so much to look forward to, I'm quite dizzy with anticipation....

Oho!
